

Dr Wolfgang Bäuml
c/o Mary's Meals Austria

29th May 2013

Dear Dr Bäuml,

On behalf of Mary's Meals, I would like to thank you so much for your generous donation of €12.000 towards our Sponsor a School Project in Malawi.

I am delighted to tell you that the school which has been allocated to you is Chamunguma. **Chamunguma School** is located in the Mzimba district, which is in the northern part of the country. Your school currently has 706 children enrolled.

Your generous donation will be used to pay for the cost of building and equipping the shelter where the children are fed each day and the cost of feeding the children for one school year.

The kitchen shelter consists of a cooking area and two storage areas, one for firewood and one for storage. As the equipment will be used daily we use materials that will last a reasonable length of time. As well as the special 'rocket stoves' which cooks the Likuni Phala porridge, we also equip each school with cooking utensils and a blackboard as sometimes the kitchen shelter doubles up as an extra classroom.

When your kitchen shelter is constructed and your chosen wording is up, we send you photos of this and of the children, as well as more details about your school.

As you may know, Mary's Meals is now feeding over 755,777 children daily in 16 countries; 610,468 of these children are in Malawi, equating to more than 22% of primary age children. The Sponsor a School Project enables us to reach many more children with a life-changing nutritional daily meal in their schools.

School feeding occurs in different areas in Malawi, with the biggest concentration of participating schools in the south. Mary's Meals is a well-known entity in Malawi so when news gets out about feeding at a new school, enrolment numbers in schools increase dramatically! Not only that, but attainment figures improve across the board with teachers reporting significant improvement in concentration in lessons.

Continuing this work is only possible thanks to the generosity of all of Mary's Meals' supporters. We greatly appreciate your support and hope you have a sense of the true value of your contribution. With the help of kind individuals and groups like you, we are confident we will be able to reach many more children who are waiting for this simple helping hand. Together we are changing lives.

Thank you once again.
Kind regards,

Sarah Leikertas
